## COMPANY PROFILE

Global Tubes Corporation is a one-prevent answer for stainless steel pipes and tubes. Being one of the main producers of stainless steel tubes and pipes in India with production potential of 3000 MT according to annum.

We at Global Tubes Corporation, make certain the best merchandise for our clients with six manufacturing traces and plenty of extra ancillary machinery. Superior first-class and manufacturing is carried out with the aid of using enforcing benchmark technology in production procedures and putting in fully-gearred up in-house first-class manage mechanism conferring to global standards. With tremendously devoted and younger team, we purpose to grow to be the forerunner of the tubular answers enterprise with regards to merchandise, first-class, standards, fabric range, pricing and most significantly patron satisfaction.

Global Tubes Corporation (ISO 9001:2015 Certified Company) is a one-forestall answer for stainless steel pipes and tubes. Being one of the main producers of stainless steel tubes and pipes in India with production capability of 3000 MT in keeping with annum. We are an ISO 9001:2015 Certified Company.

## Technical Specifications

Grade	200 series / 300 series
OD (Outer Diameter)	9 mm to 75 mm (3/8" to 3")
Thickness	0.58 mm to 1.5 mm

## Finish

Mirror Polish
Matte Polish
Without Polish

## Form

Square	Rectangle
Round	Oval

## Popular For

Fire and Heat Resistance
Strength to Weight Advantage
Toughness and Impact Resistance
Ease of Fabrication
Aesthetic Appearance
Long Term Value
Durability

## Applications

- ◆ Oil & Gas
- ◆ Automobile Industries
- ◆ Railing Manufacturing
- ◆ Chemical Process Industry
- ◆ Food Processing And Dairy Industry
- ◆ Furniture / Fabrication
